## MEMORANDUM

To: All Component Medical Society Presidents,  
and Executive Directors

From: W. Steven Wilson, M.D., Speaker

Date: July 18, 2008

Re: Nomination for Reference Committees

---

As part of the democratic operation of your state medical association, reference committees comprised of practicing physicians and medical students consider testimony and make recommendations to the Association's policy-making body, the House of Delegates.

This is to invite you to nominate one or more of your members to serve on any of the reference committees for the 2008 HOD. The reference committees are:

- AB - issues related to reimbursement and health policy
- C - issues related to legislation
- F - issues related to finance
- C&B - issues related to the Association's Constitution and Bylaws

To be considered, nominations should be sent to Jaime Rice at [jrice@mag.org](mailto:jrice@mag.org) before August 28, 2008. If you have any questions about the reference committees, please contact Jaime Rice at MAG headquarters.
