

GAMPAC membership forms available at www.mag.org

The Georgia Medical Political Action Committee (GAMPAC) is a non-partisan political action committee that was created by the Medical Association of Georgia to support pro-medicine candidates for state and federal office. Its mission is to promote a strong and healthy physician-patient relationship and to protect the public from efforts to diminish quality patient care.

Those who join GAMPAC at the basic, minimum membership level of \$250 will receive a GAMPAC lapel pin and admission to the GAMPAC luncheon at the MAG House of Delegates meeting in 2009. Members of the *Capitol Club* (\$1,000 level) receive the benefits of GAMPAC membership plus admission to an exclusive GAMPAC reception with members of the Georgia General Assembly. And members of the *Chairman's Circle* (\$2,500 level) enjoy the benefits of GAMPAC and *Capitol Club* memberships, as well as a private dinner with key legislative leaders in January; in the past, this event has included dignitaries like Gov. Sonny Perdue, Lt. Governor Casey Cagle, Speaker of the House Glenn Richardson plus Sen. Don Thomas and Rep. Sharon Cooper, who chair the respective Health and Human Services Committees.

Please contact Rebecca Greener at 678.303.9273 or rgreener@mag.org for additional information. You can join GAMPAC by going to www.mag.org.
