Statement attributable to:
Jack M. Chapman Jr., M.D.
President, Medical Association of Georgia

“The Medical Association of Georgia (MAG) commends Senator Judson Hill, the sponsor of Senate Bill 383, for this historic initiative to make health care more accessible and affordable to all Georgians. MAG’s involvement in the Georgia Uninsured Work Group is part of a widespread and cooperative effort to foster broad legislative support for free-market health care reform.”

“The open letter distributed today to the 2008 Georgia General Assembly outlines MAG’s deeply-imbedded beliefs in quality care and patient choice. Georgia’s physicians support offering a variety of flexible insurance products, including health savings accounts. In addition, MAG appreciates the movement towards financial rewards and incentives for healthy behaviors.”
