House of Representatives
State Capitol
Atlanta, Georgia

Re: H.B. 954

Dear Members of the Georgia House of Representatives:

With more than 6,500 member physicians, the Medical Association of Georgia is the leading voice for the medical profession in the state. MAG represents every physician in every specialty in every setting. MAG’s mission is to enhance patient care and the health of the public by advancing the art and science of medicine.

MAG is encouraging members to support removing language in HB 954 that would criminalize medical acts performed by a physician. Additionally, MAG is encouraging members to include an exception for high risk pregnancies to protect the health of the patient.

Sincerely,

Donald J. Palmisano, Jr.
Executive Director/CEO
