1 The Seventh District Medical Society in 2019-20 started out strong with meetings in Rome, Fort
2 Oglethorpe, and an announced Medical society meeting in Dalton in March.
3
4 Special thanks to John Cowan, MD for his efforts to revitalize the Rome chapter. He also ran an
5 honorable race for US Congress this year, but lost in a hard-fought battle in the runoff in August.
6
7 The Catoosa-Walker-Dade Medical Society continued to hold monthly meetings until they were
8 suspended due to the Corona virus in March.
9
10 I also want to thank Dr. Steven Paynter, President of Whitfield-Murray Medical Society for his attempt to
11 have a medical meeting on March 17. Unfortunately, it had to be cancelled due to the Corona virus
12 concerns. It will be rescheduled when it is safe.
13
14 To sum up this year, what started out strong came to a screeching halt in March. But with perseverance,
15 things will turn around for all of us in 2021.
16

1 Thank you,
2 John S. Antalis, MD
