

September 22, 2021

Dear Delegates and Alternate Delegates MAG HOD,

As a current Delegate of on the Georgia Delegation to the American Medical Association, I am asking for your vote for re-election to the Delegation.

These are unprecedented times we practice in. There are many challenging issues facing medicine. From the Pandemic to changes in physician payment and from Social Unrest to Climate change we have many challenges ahead of us. We need leaders who are willing to do the heavy lifting. I am willing to do this.

I bring a prospective having been in private practice in a rural community, I understand the challenges they face. Now as a Physician in an Academic Center, I see the challenges that facing Graduate Medical Education.

I bring the experience of having served on the Relative Value Update Committee for 16 years and understand Physician Payment Policy. I am currently Chair of The American College of Obstetricians and Gynecologist District IV and set on the Board of Directors for ACOG National and have a grasp of the difficulty for the physicians in practice today.

For these reasons I ask for your vote for re-election to the Georgia Delegation to the AMA as Delegate.

Respectfully Submitted,

Sandra Reed, MD, FACOG
